Index to Volume 164

ABRAMS, M., 369
Acid excretion, 654
Acute cor pulmonale, 254
Acute decompression and blood changes, 752
Adenosinetriphosphate and salt accumulation, 428
Adrenal cortex
  and blood phospholipides, 31
  and brain potassium, 23
  and decompression stress, 752
  and glutathione, 770
  and hypertension, 61
  and capillary permeability, 294
  and rat electrocorticogram, 16
  and salt hypertension, 73
  and sodium chloride intake, 369
Adrenaline (*see also* Epinephrine)
  and blood flow, 400
Adrenal insufficiency and radioactive sodium, 437
Adrenocorticotrophic hormone and blood sugar, 131
Afferent pathways from gastrointestinal tract, 520
Albumin, salt-poor and metabolism, 167
Alcohol, food intake regulation, 182
ALLARDYCE, J., J. SALTER AND R. RIXON. Experimental hypertension, 68
ALLEN, T. H. AND P. D. ORAHOVATS. Kinetics of reaction between T-1824 and liver slice in mixtures of plasma albumin, 123
Amines and epinephrine, 476
Amino acids
  and epinephrine, 476
  excretion, 654
ANDREWS, EDNA B., 722
Anemia and renal function, 682
Angiotropic principles, VEM and VDM, 91
Anoxia
  and carotid body removal, 226
  sensitivity of auditory area, 748
  and smooth muscle, 565
Antidiuresis and cinchoninic acids, 49
Antihemophilic factor and blood clotting, 710
Antihistamines and nerve fibers, 509
Antipyretic agents and body temperature, 727
Anuria, post-traumatic, 686
ARMSTRONG, G. G., 360
Arterial pressure and renal hypertension, 61
Arteries, human umbilical and drugs, 86
Arthritis and adrenal cortex, 16
Ascorbic acid and glutathione, 770
Aspartic acid excretion, 654
Auditory area sensitivity to anoxia, 748
Auricular fibrillation, excitability curve, 301

BAJANDAS, F. J., 187
BANCROFT, R. W., 207
BARKER, H. G., 618
BARROW, J., J. L. TULLIS AND F. W. CHAMBERS, JR. Effect of X-radiation and antihistamine drugs on the reticulo-endothelial system measured with colloidal radiogold, 822
BASS, ANNE C., 437
BATSON, H. M., 351, 360
BEAN, J. W. AND L. H. ELWELL. Vascular response in mammalian skeletal muscle to *d*-tubocurarine, 734
BEREZ, R. R., 391
BERGEN, J. R. Rat electrocorticogram in relation to adrenal cortical function, 16
BERGEN, J. R. AND H. HOAGLAND. Brain and muscle potassium in normal and in adrenalectomized rats, 23
BERLIN, N. I. AND W. SIRI. Rate of absorption of cobalt from the peritoneal cavity and rate of elimination from the blood, 221
Bile acids, 786
Bile and choline deficiency, 274
Bile duct obstruction and serum phosphatase, 792
Bile flow and diuresis, 639
BING, R. J., 380
BISCHOFF, F., R. E. KATHERMAN AND Y. S. YEE. Activation of estrone by mammalian red cells, 774
Bitters, food intake regulation, 182
BLAKE, W. D., 167
Bleeding method and blood volume estimate, 611
Blood
  activation of red cells, 774
  bile acid in plasma, 786
  capillary permeability, 294
  chemoreceptors and oxygen saturation, 226

Blood—(*Continued*)
cholesterol, 789
clotting and antihemophilic factor, 710
cobalt elimination, 221
erythrocytes, 213
hemolysis, 423, 467
hemorrhage, 351
iodine and erythrocytes, 783
lipase activity, 486
phospholipides and adrenal hormones, 31
plasma and exchange rate from urine isotopes, 159
prothrombin, 722
prothrombin and vitamin K, 716
and radiation, 822
renal flow and anemia, 682
right atrial samples and cardiac output, 583
thermal fragility of erythrocytes, 202
transfusion, 351
vascular response to epinephrine, 391
vasoconstriction and pulmonary embolism, 380
Blood changes
after acute decompression, 752
lipemia and heparin, 798
Blood coagulation
and co-thromboplastin, 105
and liver, 111
Blood flow
and adrenaline, 400
in muscle, 734
and radioactive colloidal gold, 345
Blood pressure, 351
and adrenaline, 400
critical closing of blood vessels, 330
and hypertension, 68
and mitral stenosis, 573
regulatory mechanisms, 360
and renal circulation time, 618
and renin substrate, 630
Blood sugar
and dietary protein, 131
and extra-hepatic tissues, 207
Blood vessels
critical closure, 330
and drugs, 86
physical equilibrium, 319
Blood volume, 351
changes, 360
estimates, 611
BOATMAN, J. B. AND C. MOSES. Role of erythrocyte in blood iodine transport using radioiodine I^{131}, 783
BODIAN, D., 49
Body temperature
and antipyretic agents, 727
and hypothermia, 79
Body weight and food intake regulation, 182
BOLLMAN, J. L., 117, 119, 662, 670
BOLLMAN, J. L. AND EUNICE V. FLOCK. Cholesterol in intestinal and hepatic lymph in the rat, 480
BOND, V. P., 202
BORISON, H. L., 520
BOYARSKY, L. L., 1
Brain and oxygen consumption, 727
Brain potassium and adrenal cortex, 23
Brain waves and adrenal cortex, 16
BRANDT, W. L., W. M. DUBIN AND L. A. SAPIRSTEIN. Studies on salt hypertension; effects of adrenalectomy and nephrectomy, 73
BRECHER, G. A., 573
BRINKHOUS, K. M., 710
BROOKS, C. MCC., O. ORIAS, J. L. GILBERT, A. A. SIEBENS, B. F. HOFFMAN AND E. E. SUCKLING. Auricular fibrillation: relationship of 'vulnerable period' to 'dip' phenomenon of auricular excitability curve, 301
BROWN, FRANCES C., 752
BRUNER, H. D., J. K. CLARK AND H. G. BARKER. An attempt to measure renal circulation time with P^{32}, 618

BURDICK, F. D., 639
BURTON, A. C., 330
BURTON, A. C. On the physical equilibrium of small blood vessels, 319
BYERS, S. O., 786, 789
BYRNES, W. W., R. K. MEYER AND J. C. FINERTY. Inhibition of gonadotrophic hormone in female parabiotic rats by estrogen and progesterone, 26

Capillary permeability and cortisone, 294
Carbohydrate metabolism and glucose utilization, 207
Cardiac catheter, pulmonary arterial occlusion, 254
Cardiac changes and shock, 832
Cardiac contractions, excitability and refractory period, 589
Cardiac cycle and auricular fibrillation, 301
Cardiac muscle fibers, 307
Cardiac output, determination, 583
Cardiac resuscitation, 601
CAREY, M. M., 766
CAREY, M. M., E. P. VOLLMER, R. L. ZWEMER AND D. L. SPENCE. Decrease of adrenal ascor-

bic acid and cholesterol in rat and guinea pig, following large doses of glutathione, 770
Carotid body and oxygen saturation, 226
Cells, reticulo-endothelial system and radiation, 822
Central nervous system, excitability changes, 502
CHAMBERS, F. W., JR., 822
Chemoreceptors and oxygen saturation, 226
Cholesterol
and glutathione, 770
in intestinal lymph, 480
in mammals, 789
Choline deficiency and bile, 274
Cholinesterase and hemolysis, 423
CHRISTOPHERSON, A. R., 307
Chronic anemia and renal function, 682
Cinchoninic acids, antidiuretic activity, 49
Cirrhosis and proteins of cisternal lymph, 117
Cisternal lymph and cirrhosis, 117
CIZEK, L. J., 407
CIZEK, L. J., R. E. SEMPLE, K. C. HUANG AND M. I. GREGERSEN. Effect of extracellular electrolyte depletion on water intake in dogs, 415
CLARK, J. K., 618
CLAXTON, E. B., 330
Cobalt absorption and elimination, 221
COHN, D. V., 646
Cold (*see* Hypothermia)
COLE, V. V., 437
COLLENTINE, E., 716
Colorimetric determination of serum lipase, 486
COLWELL, A. R., JR.
Collection of pancreatic juice from rats and consequences of its continued loss, 812
Lipid content and volume of bile secreted by choline-deficient rats with fatty livers, 274
Compound E and capillary permeability, 294
Contractile force and irritability in heart muscle, 234
COOK, S. F., F. E. SOUTH, JR. AND D. R. YOUNG. Effect of helium on gas exchange of mice, 248
Copper sulfate emesis and gastrointestinal tract, 520
CORT, J. H. Relief of post-traumatic anuria, 686
Cortisone and capillary permeability, 294
Co-thromboplastin and blood coagulation, 111
COY, F. E., JR., 187
CRESCITELLI, F. AND T. A. GEISSMAN. Certain effects of antihistamines and related compounds on frog nerve fibers, 509
CRISMON, J. M., R. R. BEREZ, J. D. MADDEN AND F. A. FUHRMAN. Rutin and other flavonoids as potentiators of terminal vascular responses to epinephrine and as antagonists o vasodepressor materials, 391
Critical closure of blood vessels, 330
Curare, *d*-tubocurarine and blood flow in muscle, 734

DALEY, R., J. D. WADE, F. MARAIST AND R. J. BING. Pulmonary hypertension in dogs induced by injection of lycopodium spores into the pulmonary artery, with special reference to the absence of vasomotor reflexes, 380
DANFORD, H. G., 690
DANFORD, PATRICIA A. AND H. G. DANFORD. Influence of sodium chloride deficiency upon urine volume and 17-ketosteroid excretion in the rat, 690
DANZIG, L. S., 155
DEFRIEZ, A. I. C., 369
DEGRAFFENRIED, T. P., II, 187
Dehydrogenase activity of muscle, 742
Denervation, pressoreceptor and blood pressure, 360
Desoxycorticosterone acetate and sodium chloride intake, 369
Diet
and blood changes, 798
and blood sugar, 131
choline-deficient and bile, 274
fat and cholesterol, 480
fat and pyrogenic response, 490
food intake regulation, 182
nucleic acid, 251
Permutit Z, 695
potassium deficiency, 263
sodium chloride deficiency, 407, 690
vitamin K deficiency, 716
DIPALMA, J. R. AND A. V. MASCATELLO. Excitability and refractory period of isolated heart muscle of the cat, 589
Diuresis and bile flow, 639
DOROUGH, M. E., 630
Dorsal roots, electro tonic excitability, 502
DOTTER, C. T. AND D. S. LUKAS. Acute cor pulmonale, an experimental study utilizing a special cardiac catheter, 254
DOURLEY, D. R. H. Inhibition of uptake of radioactive phosphate by human erythrocytes *in vitro*, 213
Drugs
and anoxia and smooth muscle, 565
desoxycorticosterone acetate and hypertension 68

Drugs—(*Continued*)
d-tubocurarine and blood flow in muscle, 734
epinephrine, 476
and erythrocytes, 423
and human umbilical arteries, 86
and reticulo-endothelial system, 822
and urinary excretion, 155
and water diuresis, 49
Drum shock and VEM and VDM, 91
DRURY, D. G., J. FLASHER, D. B. GORDON AND M. E. DOROUGH. Renin substrate and renal hypertension, including a one-stage method for evisceration in the rabbit, 630
DRURY, D. G., A. N. WICK, R. W. BANCROFT AND E. M. MACKAY. Glucose utilization by extra-hepatic tissues, 207
DUBIN, W. M., 73
Dye method and blood volume, 611
Dye, T-1824 and plasma volume, 123

Electric shock and cardiac resuscitation, 601
Electrocorticogram and adrenal function, 16
Electrolytes
and albumin, 167
balance and x-irradiation, 450
in frog skin, 428
phosphate excretion by kidney, 662
and phosphate reabsorption, 670
and venous obstruction, 143
and water intake, 415
Electrotonic excitability in dorsal roots, 502
ELWELL, L. H., 734
Emesis and gastrointestinal tract, 520
Enzymes
inhibitors and smooth muscle and anoxia, 565
lipase, 486
pancreozymin, 527
Epinephrine (*see also* Adrenaline)
precursors of, 476
and vascular response, 391
Erythrocytes
activation by estrone, 774
and blood iodine transport, 783
permeability, 423
phosphate uptake, 213
thermal fragility, 202
ESSEX, H. E., 583
Esters and erythrocytes, 423
Estrogen and pituitary, 26
Estrone, activation by red cells, 774

FARAH, A., 565
Fat
and blood changes, 798
and cholesterol in intestinal lymph, 480
pyrogenic response, 490
Febrile response to intravenous fat, 490
Fick values and cardiac output, 583
FIELD, J., 727
FINERTY, J. C., 26
FISHGOLD, J. T., J. FIELD AND V. E. HALL. Effect of sodium salicylate and acetylsalicylate on metabolism of rat brain and liver *in vitro*, 727
FISHLER, M. C., 202
FISTULAS, gastric-duodenal and gastro-antral and stomach pouch, 557
Flame photometry for measuring potassium, 23
FLASHER, J., 624, 630
